REPORT

OF THE

SUPERINTENDENT OF COMMON SCHOOLS.

To the Honorable the Board of Supervisors
of the City and County of San Francisco:

GENTLEMEN—In compliance with law, herewith is submitted the Twenty-eighth Annual Report of the Superintendent of Common Schools for the City and County of San Francisco, for the fiscal year ending June 30, 1881.

The allowance made by law for publishing the Municipal Reports is so small, and the School Fund being in such a crippled condition, it is thought best this year to publish only the most important of the school statistics.

These have been made up by Mr. George Beanston, Secretary of the Board of Education.

It is unfortunate for the cause of education in this city that your Honorable Body, when making the levy for school purposes, gave so much heed to the unreasonable and unpatriotic demands of that portion of our population who have no use for and but little interest in public education.

The cost of public education compared with its beneficent results sinks into insignificance. Among the many good institutions of our country none should be valued so highly as our public schools. We must admit with shame that some of our people would like to see the public schools abolished, or crippled to such an extent as to destroy their usefulness.

> "Then looking around one friendly face he found,
> And said, 'Pray tell me why is wealth preferred
> To wisdom?' 'That's a silly question, friend!'
> Replied the other; 'Have you never heard,
> A man may *lend* his store
> Of gold or silver ore,
> But wisdom none can borrow, none can lend?'"

In the month of August, 1880, the sum of $114,920.10 was paid on account of teachers' salaries for services performed during the months of April, May and June, 1880. This amount is not included in the foregoing statement, for the reason that it properly belongs to last fiscal year, and was included in the financial statement in the last annual report. The delay in paying the balance of teachers' salaries for the three months mentioned was occasioned by an action in the Supreme Court to test the validity of an Act of the Legislature fixing the salaries of certain classes of teachers in the public schools of this city.
